

For Immediate Release:

ANNOUNCEMENT FOR HAMILTON TOWNSHIP
ELECTRIC AGGREGATION PROGRAM

Residents currently enrolled in the Township's electric aggregation program can expect a notice regarding a change in the name of the program supplier to be mailed to them on October 4th, 2024.

This notice is purely informational, and they do not need to take any action in response to the letter they receive.

The notice will inform them that the Township's electric program supplier's name will be changing from Energy Harbor to Dynegy. There will be no interruption to your electric service as a result of this change. All of the current terms and conditions of the aggregation offering will remain the same. Program participants will simply notice the new name, Dynegy, next to the supply charges on future electric bills.

As this change is implemented for individual accounts they will also receive the standard utility "switch" notification indicating that Dynegy will be their new supplier. No action is needed in response to that notice either.

The Township is pleased to have made the electric aggregation program possible but asks that you do not call the Township offices. They are not equipped to handle a large volume of calls. Any residents with questions about their letter or status in the aggregation program should contact Dynegy at 888-682-2170.
